Dear Brothers and Sisters in Christ,

CHINA: The Chinago website has been moved to <http://www.chinago.gbcs Shelton.org>. There is still some work to be done on it, but it now has a new home.

Grace Baptist Church, The country folk in our area had never heard a singer like Brother Mark Gray before. They were all quite happy and said, "When can we have him back again?" We look forward to hearing Brother Mark sing to us again when he makes it to the North West.

Christmas time was the time for our first Cantata. Well, technically it was our second one, but the first one was snowed in. This year the Lord allowed good weather and there was much good fellowship and exalting of our Saviour. We have a video of it on the church website at:

<http://gbcs Shelton.org>. Regular sermons and teachings from other pastors/missionaries and myself are there for viewing as well.

GBC is still meeting in the Grange Hall. It seems like we are up against a "hump" in growth; we can't grow anymore unless we get more people and we can't get more people unless we grow. The Grange Hall is the only place to meet in this area we are in, and we are thankful for it. But, it is very "grangey" and is difficult to feel "churchy" there. We know that the church is made up of people, but people today find it difficult to go to a church where trophies and ribbons cover the walls almost every square inch. So, we are going to try to approach the school district in the spring to see about meeting in the gymnasium. Since the grange only charges us \$400 per month to rent the building, please pray with us that the school will not be much more. Oh, another good benefit about the school, if we can get in there, is that it is on a main road and there would be much exposure.

Ron's Health, Blood sugar has slipped a little bit over the holidays, but nothing too much. Diabetes coach has been monitoring my status and is pleased. Regular blood tests and Doctor Visits have been made.

AMERICA-THE MISSION FIELD: More and more I can see where witnessing to people in the USA is like witnessing to people in China. The government, media and education system all degrades the church to the point where people are too calloused to it's message of hope. We have to work hard on "building relationships" with people in order to get a "hearing." In this sense, the USA is just like a mission field in a communist country.

Sincerely,

Ron & Dee Coale
