"...forgetting those things which are behind, and reaching forth unto those things which are before..."
 (Philippians 3:13)

Dear Prayer Warriors,

January 2010

In this new year many new challenges are before us. We look forward to the challenges the Lord will give us in the evangelization of the Jewish people as our attention will be focused first on "the lost sheep of the house of Israel."

Please pray for the following:

+The Lord's blessings on our work with more precious Jewish and Gentile souls for the Saviour, not only in person to person contacts but with the contacts made through visitation of the churches.

+Wisdom in the preparation of seminars and courses on winning Jews to the Messiah given in local Independent Baptist Churches and the use of the radio and the printed page. It is our prayer that in the work with the churches we will have a constant witness to the Jews in their area and the programs of the churches in their evangelization will be "to the Jew first."

+Travel mercies. We will be traveling a great deal in our work in the Carolinas.

+The Lord's blessings on the work of the Gaguine sisters in Montevideo, Uruguay. The work of these two Hebrew-Christian women among the Jewish people of that capital city is wonderful. Barbara and I have been there and know their work first-hand.

+Encouraging pastors to have regular Everlasting Nation Fellowship meetings.

+An increase in our financial support. We will have a great deal of traveling and this cost will be huge as well as the wear and tear on the car.

Again, thank you for your faithful prayerful and financial support for our work among "the lost sheep of the house of Israel." That support is needed now more than ever.

Shalom in Messiah Jesus,

Michael & Barbara Mandeville
