

We do indeed have so much to thank God for, including you, our faithful support team! Your prayers and support gifts mean everything to us and we thank you profusely! Looking forward to 2010—well, only God knows what's in store for us all in 2010, but we anticipate a God-blessed year with eager ears tuned for the trumpet!

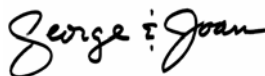

Except for occasional glitches here and there, God blessed us with good health through 2009, enabling us to continue working and serving. Joan still helps World Missionary Press (first cut preparation of letters for publication), and Ribbon of Hope (preparing meals for cancer patients who need the encouragement and help). George's work with TWR continues in a support role, providing technical help and replacement parts for KTWR (Guam) through the HCJB Global Technology Center. The equipment on Guam takes quite a beating from the high humidity and salty air, especially during typhoon season.

For the past eight years George has produced and distributed Arabic Bible-teaching programs. Dr. Anise, Bible teacher of the *Message of Grace and Truth* programs (MGT), tells us about a listener who encourages us to continue because through MGT her family, including her mother and a sister, were saved. Previously they gave her a hard time, about which she had written. Please pray for Zouina and her family.

A Letter Received at the TWR Bonaire Radio Station:

"Dear brothers in Christ, I am very thankful to God for the marvelous team that you are. I wish you all the best of the blessings of God. Not long ago I received the notes and outlines that you sent me, and they have been very useful to me. I listen to you every day on Trans World Radio at 6:30 AM, 6:00 PM, and 8:30 PM, and I never get tired of listening to such a great program because God is in the midst of you to make such a special and high-quality program. I have been listening to you for almost 17 years and it has been my family's tradition since before I was born. My grandfather listened to you where he lived and he told my mother, "Daughter, I don't know anything about religion, but the one thing I know is that this program tells the truth that no one has ever told us." Every time I listen to you it's like I'm beside you in my home. With all of my heart and soul I wish for you the rich and abundant blessings that God has for every one of you, in the name of our holy Lord Jesus, amen."

We hope these responses to the radio ministry encourage you, because **you play a critical role**: "How shall they preach except they be sent?" (Romans 10:15a) You have "sent" us to "speak hope to the world," which we are doing by building and maintaining transmitters to broadcast gospel messages, producing and distributing *Message of Grace and Truth* in Arabic, promoting the gospel through Scripture booklets, and ministering to suffering cancer patients. May God keep us all faithful until the trumpet sounds release and rest from our labors! With love and gratitude...
